K9Natural™

FelineNatural™

Leading the way in natural high-meat nutrition - just as nature intended.

At K9 and Feline Natural, we have led the way and innovated in natural, high-meat pet food since our beginning in 2006.

We are proud to be pioneers of freeze-dried technology - locking in the natural integrity of wholefood ingredients while improving digestibility and taste.

Through our commitment to naturally better nutrition, we ensure our nutritious diets are made with the highest quality natural ingredients from New Zealand.

We pride ourselves on ethically sourcing our wholefood ingredients from sustainable practices in our farmlands and waters of New Zealand. We have made the most of these natural resources, sourcing free-range meat from grass-fed and pasture-raised animals, the finest seafood from sustainable sources,

cage-free chicken, and vegetables grown from fertile soils, ensuring superior nutrition and flavour.

Our recipes are expertly developed by our in-house technical experts to ensure every ingredient has purpose to support whole-body health and focused nutrition for pets.

We continuously look to innovation to provide the best in pet nutrition while staying true to our New Zealand way.

All our ingredients are 100% traceable. We know that every member of your family deserves the best natural nutrition to enjoy a happy, healthy life.
