Grain, Gluten & Wheat Free No

BREW BISCUIT UPCYCLING PROCESS

WHAT ARE SPENT GRAINS?

Spent grains are a nutritious mixture of the malt's leftover grains that are rich in fiber, proteins, and other nutrients.

It can make up 85% of beer's by-product!

WHERE DO SPENT GRAINS TYPICALLY END UP?

Annually, brewers waste more than 42 million tons of edible spent grains since companies are not proactively using them in production.

OUR BREW BISCUITS!

We partner with several local breweries to repurpose their spent grains in our brew biscuits. Through October 2022, we had repurposed 16,000 pounds of spent grains.
